Blinkit (apperal add-on's)
Instamart (lifestyle SKUs)

Medium
Myntra Express
(curated, fashion authority trusted brand)

Low
Generic quick commerc
(Zepto, Jiomart – non-specialist fashion)

EXPRESS

EXECUTIVE SUMMARY

EXPRESS

Vision & Why we chose it

Myntra Express aims to become India's go-to urgent style solution, delivering curated fashion and lifestyle essentials within 60 minutes in high-density metro zones.

Target Audience
- Impulse shoppers looking for instant gratification.
- Urgent-need customers (events, office, parties, gifting).
- Urban Gen Z & professionals in top metro clusters.

Proposition
- 60-Minute Delivery: Curated high-velocity SKUs (T-shirts, sneakers, dresses, accessories).
- Micro-Warehousing Model: Dark stores in city clusters to ensure fast fulfillment.
- Trusted Brand: Builds on Myntra's existing 24–48h express services and M-Now pilot (launched 2020).

Strategic Goals
- Differentiate Myntra from Ajio, Flipkart, Amazon, and quick commerce players (Blinkit, Zepto).
- Increase AOV & frequency by driving impulse fashion purchases.
- Establish early profitability with curated assortment and optimized logistics.

Market Opportunity
- India's hyperlocal commerce market projected to reach $278B by FY31.
- Quick commerce adoption rising, but fashion delivery remains underpenetrated → Myntra's chance to lead.
- Consumers increasingly view fashion as part of lifestyle immediacy (athleisure, event-driven purchases).

Problem Statement & Our Approach

Core Strategic Challenge

How can **Myntra** scale its quick-commerce fashion service beyond metros in a **cost-efficient, trustworthy, and sustainable** way – while improving customer loyalty and last-mile delivery economics without relying on the costly dark-store model?

STRATEGIC PROBLEM STATEMENT

Retail Sector Transformation

- Current Size: **₹89 lakh crore** (~$1Tn) in 2025
- Projected Growth: **₹190 lakh crore** (~$2,2Tn) by 2034 (113 % growth)
- Organized Shift: Expanding duto demand for standardization and aspirational products

Explosive Market Opportunity

Fashion & Lifestyle Sector Boom

Fashion & Lifestyle Sector Boom

- Current Market Size: **₹18 lakh crore** in 2025
- Future Projections: **₹18 lakh crore** by 2028
- Growth Rate: 10-12% ouñpacing general retial growth
- Growth Rate: 10-12% CAGR outpacoing general retail grow
- Value Drivers: Digitalisation, omnichannel retail, demand for value + convenience + experience

Digital Economy Acceleration

Digital Economy Acceleration

- Overall Growth at 17.3% CAGR (101-24 vs 11.8% overall GDP
- Future Share Expected to 20%+ of GDP by 2030
- Organized Shift: Expanding duto demand for standardization and aspirational products
- Regional Leadership: Souhern India leade in per capita income /consumpption

Established vendor financing, inventory management, and brand parthership·models

MARKET OPTIMISATION

ASSORTMENT DEPTH

- From ~30 - 40 SKUs → 500+ essentials
- Partner with local premium outlets

DEMAND SHAPING & PERSONALISATION

- "Express Essentials" city-wise tab
- AI-driven local trend curation

DELIVERY MODEL OPTIMISATION

- Store-as-micro-hub fulfillment
- Rider clustering & zone batching

CITY-SPECIFIC PLAYS

- Delhi NCR - Ethnic + Premium; Try & Buy 1. hr
- Mumbai - Fashion Week tie-ins, Bollywood culture
- Bengaluru - Workwear + Youth western; Beauty bundles
- Hyderabad - Scale from basics → mid-fashion

STRATEGIC OUTCOME

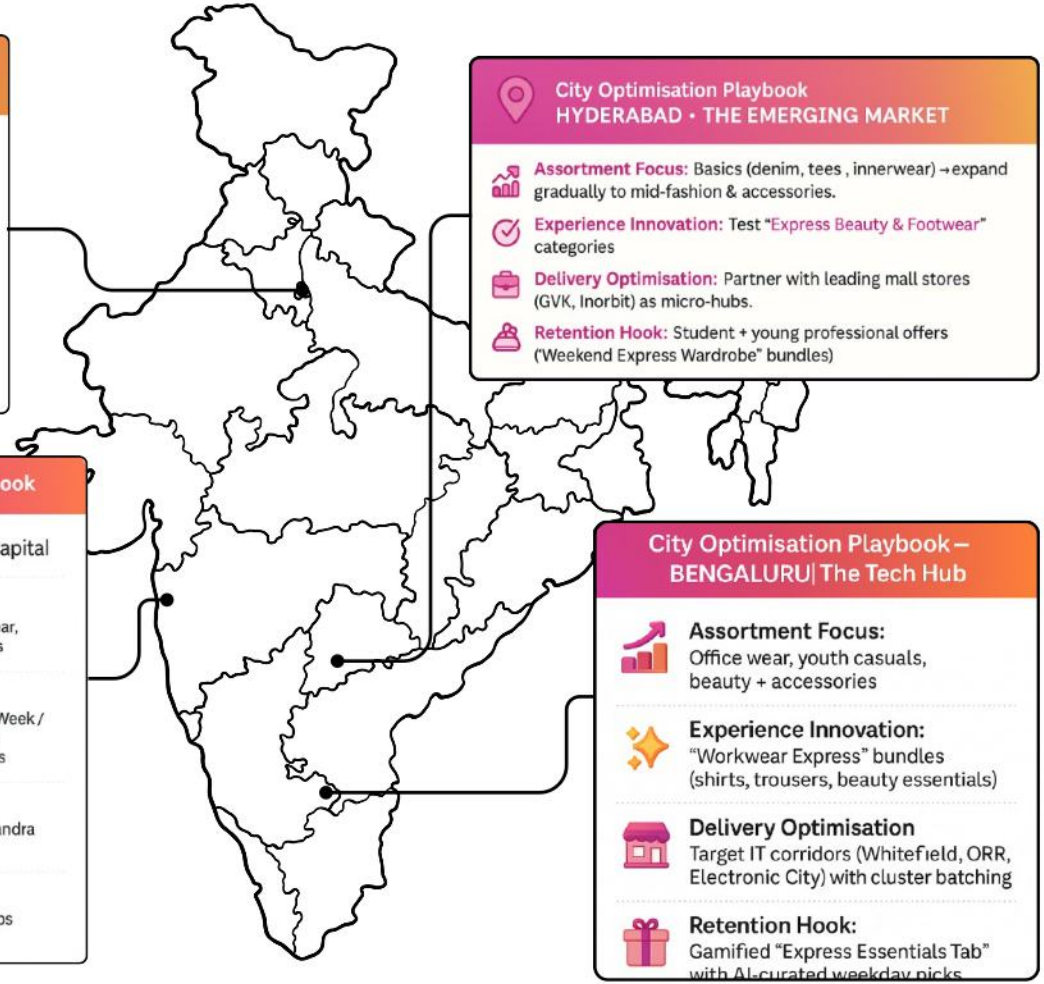

Increase assortment 10x in existing cities before Tier-2 expansion.

Optimise last-mile costs without dark-store capex by leveraging partner stores

Improve conversion & retention by solving "low SKU availability" issue (e.g. 4 items vs. 8000 promised)

City Optimisation Playbook – Delhi NCR | The Power Center

- **Assortment Focus:** Ethnic wear, premium brands, wedding/festive fashion
- **Experience Innovation:** Launch 'Try & Buy in 1 Hour' for top loyalty users
- **Delivery Optimisation:** Use large-format brand outlets (e.g. FabIndia, Biba) as micro-hubs
- **Retention Hook:** Express-exclusive festive collections during wedding/Diwali season

City Optimisation Playbook HYDERABAD • THE EMERGING MARKET

- **Assortment Focus:** Basics (denim, tees , innerwear) → expand gradually to mid-fashion & accessories.
- **Experience Innovation:** Test "Express Beauty & Footwear" categories
- **Delivery Optimisation:** Partner with leading mall stores (GVK, Inorbit) as micro-hubs.
- **Retention Hook:** Student + young professional offers ("Weekend Express Wardrobe" bundles)

City Optimisation Playbook

MUMBAI – The Fashion Capital

- **Assortment Focus:** Trendy western wear, footwear, celebrity-inspired collections
- **Experience Innovation:** Tie-ins with Lakmé Fashion Week / Bollywood events for instant runway-to-doorstep capsules
- **Delivery Optimisation:** Focus on South Mumbai + Bandra hubs (high spend zones)
- **Retention Hook:** Limited-edition Express Drops promoted via influencers

City Optimisation Playbook – BENGALURU| The Tech Hub

- **Assortment Focus:** Office wear, youth casuals, beauty + accessories
- **Experience Innovation:** "Workwear Express" bundles (shirts, trousers, beauty essentials)
- **Delivery Optimisation** Target IT corridors (Whitefield, ORR, Electronic City) with cluster batching
- **Retention Hook:** Gamified "Express Essentials Tab" with AI-curated weekday picks

The Myntra Express Feature UI/UX

STRATEGIC POSITIONING FRAMEWORK

CORE BRAND POSITIONING

"Your Fashion Emergency Room"

India's first fashion-specialized quick commerce platform

SPEED
60-minute delivery

STYLE
Curated selection

10-minute delivery

STYLE
Curated selection

A recent survey show **85%** of users fee **a great outtit significantly boosts their first-date confidence.** Piinc (01

STYLE AT FIRST SIGHT...

Myntra X bumble

MYNTRA EXPRESS OPERATIONAL MODEL

STEP 1: CUSTOMER APP (ORDER PLACEMENT)

Trigger:
User selects "Myntra Express" tab in the app

UX Enhancements:
- ✓ Shows only SKUs available locally in real-time
- ✓ Highlights "Delivery in 60 mins" badge on products
- ✓ Allows multi-size Try & Buy option (for loyalty customers)

Outcome: Transparent promise of speed + availability reduces cart abandonment.

STEP 2: PARTNER STORE (LIVE INVENTORY SYNC)

Trigger:
Partner store have their inventory integrated into Myntra's backend.

How it works:
- ✓ Store staff updates inventory daily (or system auto-syncs via POS integration
- ✓ Only in-stock items are shown to nearby customers

Outcome: Zero "out-of-stok cancellations.

Authenticity assurance (since products come directly from brand/franchise stores like Levi's, FabIndia, Biba)

STEP 3: ORDER ALLOCATION ENGINE (SMART DISPATCH)

Trigger: Once customer checks out.

How it works:
- ✓ Algorithm decides optimal fulfilment node:
  - Chooses nearest store with product in stock.
  - Checks traffic, rider availability, and order batching.
- If multi-item order → engine either clubs from 1 store or splits to 2 stores with fastest combined ETA.

Outcome: Faster order turnaround, reduced logistics cost via smart routing.

STEP 4: DELIVERY AGENT (RIDER CLUSTERING)

Trigger:
Allocation engine assigns to closest rider.

How it works:
- ✓ Riders are pre-positioned in high-demand clusters (e.g., malls, IT corridors)
- ✓ Orders in same cluster are batched (e.g., 2–3 drops in Bandra or Koramangala)
- ↗ Hybrid fleet: Dedicated Myntra riders + partner store staff during peak hours.

Outcome:
- ✓ Lower idle time for riders
- ✓ Reduced per-order cost (since clustering maximises deliveries per trip).

STEP 5: CUSTOMER DELIVERY (30–60 MIN)

Trigger:
Rider completes pickup and heads to customer

Experience Enhancements:
- ✓ Live tracking + rider profile
- ✓ Photo confirmation when picked up from store
- ✓ Try & Buy at doorstep (for top users)

Outcome:
- Delightful experience (speed + assurance)
- Lower returns since customer can instantly reject wrong size/fit

TECHNOLOGY BACKBONE

Real-time Inventory Sync

Partner store → Myntra app

AI Routing Engine

Fastest rider + nearest store

Personalisation Layer

Express-only tab curated by city

Returns System

Riders handle instant exchange/ pickup
